Comments:

50X1-HUM

- <sup>1</sup> This represents the first production from the new smelting plant near Freiburg in Saxony. Full production, however, will not start until 1954.
- <sup>2</sup> Taken from stocks.
- <sup>3</sup> New production at the plant of Schaefer und Scheel, Halle/Saale.
- <sup>4</sup> Because of the excess of imports over the import plan in 1952, there was a carry over of 500 tons of this metal for use in 1953.
